About Our Competitions

Mobius Awards – Advertising

This is the broadest of the competitions, encompassing many of the traditional advertising categories including (but not limited to) Branding, Automotive, Pharmaceutical, Public Relations, and Food & Beverages. Here entrants also can submit web design and social media marketing as a response to the digital market.

Mobius Awards – Package Design

In 2015, Package Design became its own competition. We have continued to respond to this most important advertising market with category additions that include eco-packaging and package redesign. This competition causes great excitement for it includes both an in-person judging session in California and international online judging.

Mobius Awards – Cannabis Advertising & Package Design

In 2019 we introduced Mobius Awards Cannabis. It is open to advertising/marketing and package design for marijuana products and services including hemp, industrial hemp, THC, CBD. The potentially controversial subjects of such advertising provide greater-than-ever challenges for marketers. Mobius Awards Cannabis seeks to recognize the leaders of this new market.

Mobius Awards – Student

In 2006, Mobius Awards began accepting student work from High School to Graduate Students. School assignments, internships or personal portfolio work are eligible. Entries are accepted in all of the entry types included in the Mobius Advertising competition. The competition allows students to have their work judged by international industry professionals. The winning works become part of Mobius Awards presentations done throughout the world.

US International Film & Video Festival

US International Film & Video Festival has been in operation since 1967. The Festival offers five mini-competitions in one by recognizing outstanding Corporate, Education, Entertainment, Documentary, and Student productions.
